[While probably just mass reported to streamable by the Media Matters employees staffed to TD, it could be Cuomo was right and it's illegal to view things like this as private citizens. It's different for the media. Here's the official CBS video link of the removed clip. on Twitter.](#)

Found the one "41 upvoted" post they quoted from.

<https://thedonald.win/p/11RhTaqooL/-round-2-on-january-20th-this-ti/c/>

...and it was only quoting a video....

.. that was reporting on a quote... Circular logic is best logic.

See the tiny print in the upper left corner:

Source: ADL

Does that mean the Anti-Defamation League cobbled-together the misleading 'examples', fed them to CBS, who reported without verifying themselves?

A defamation lawsuit against CBS would reveal their shoddy reporting method. Except-- shit-- I forgot the courts are also corrupt.

They already did a fake outrage episode.

Some program aired and like 4 people tweeted they were offended. The FCC meeting determined that 4 tweets equals 1000s of outraged viewers.

They really hit the nail on the head too. Twitter makes up 2% of the population but corporations bow down to a few critical tweets from some blue haired liberals.

And you can see the "Note On Protests" Stickied at the Top that says:

Now, there's reports of armed protests at being organized at "all 50 state capitols" in the next week... and of course, they will try to blame us, again...

A few important notes:

We do not allow illegal content, or organizing illegal acts.

We have not seen any evidence of anything being organized through our site

We have called out the many false flags to stay ahead, such as these two fake rallies.

MSM doing only one sided narrating on their feels. They only see the bad in the Trump Movement, Never the Good, the Good stuff would make too many people actually like President Trump and how making America Great Again is not such a bad thing for Americans.

23GB worth of videographic evidences showing murders, violence & destruction by Antifa & BLM terrorists during their riots <https://fukkot.com/riots/all/>

Torrent <https://t.co/lo2MNBVb6X?amp=1>

Download and save for eternity. Spread them far and wide. Slap them in the face of all the traitorous fake news media peons to counter their lies. They can only memory hole the truth if you let them.

BLM & Antifa terrorists will increasingly be used as Cheater Joe's unofficial armed enforcers against American patriots, just like how all the Commie nations of the world have been using their hired criminals & thugs.

I haven't seen any about the 20th, but there were plenty about the 6th. Lots of people saying the must "take the Capitol". "Hang the traitors" (congressmen). Shooting antifa on site. There was even one about bringing zip ties to cuff people that get in the way.

It got to the point where you were downvoted called a cuck if you said that trying to "take the Capitol" would be idiotic. Mods need to deport idiots who post that kind of crap. A huge chunk of people on this site got duped by a bunch of glowies and antifags into being complete jackasses on the 6th.

Yeah I'm not sure why some are trying to rewrite history about the days leading up to Jan 6th on TDW. People around here were talking about how it's going to be like 1776. Mods stickied a post about bringing your musket. Which sure, sounds like a joke except the premise for the protest was that the election was stolen and a revolution would be needed to fix that.

I have a bunch of links and screenshots that I saved when I started to see people cowardly back off comments that were being made a day before, example:

<https://thedonald.win/p/11Rh1U0qQT/congress-has-a-choice-to-make-to/c/>

The top comment in that thread (now deleted) said patriots were anxiously waiting to hang or gun down congress if they defy the constitution.

I don't condone any this and i find it disturbing. I'm only saying this community needs to take a hard look at itself if it believes the views of those who caused violence aren't a significant part of commenters and lurkers on this site.

Glowies and Shills were saying that shit in new posts all day yesterday. I reported probably 100 posts/accounts. Mods are overworked. They need a big, beautiful digital wall and some extra border security to protect this place from those who seek to do us harm.

Man the deport buttons!

I'll repeat what the other guy said...

"...or they could just lock this place down."

The fact that they DO NOT LOCK THIS PLACE DOWN, indicates that this is a honeytrap, meant to make the movement look bad.

Deny it all you want, but if SIMPLY LOCKING DOWN NEW ACCOUNTS FOR A COUPLE WEEKS could solve all the problems and they don't... much like auditing an election for irregularities and they don't, then that means they are NOT ON YOUR SIDE.

Would be nice if people would come on this site and immediately see the kind of stuff they are reporting is actually frowned upon here. It could possibly wake some more people up.

Then again, if they were the type of people to investigate what the MSM is telling them they wouldn't be watching CBS in the first place.

Here's a single archive since mods wiped 99% of previous violent comments clean by now

<https://web.archive.org/web/20210105024826/https://thedonald.win/p/11R4q2aptJ/trump-tweet-daddy-says-be-in-dc-/c/>

Some highlight upvoted comments " Patriots who STILL, AT THIS POINT IN TIME, are too cowardly to condone violence, are part of the problem. IT. NEEDS. TO FUCKING. HAPPEN."

"This is it pedes. Make sure to make BLM riots look like child's play" (Aren't BLM riots really violent?)

THIS COMMENT WAS DOWNVOTED "That's why Trump said to show up. He didn't say break the law."

These are all comments from active users and not new accounts. There were so many more posts like this on and leading up to the 6th, but I'm not going to bother linking more than this.

And this was after they had already set fire to police cars and a church during their DC protest, turned Minneapolis into an inferno, and burned a Wendy's to the ground (among numerous other crimes across the country). But to be fair, it was before they marched through the streets of Oakland chanting "Death to America", so how could anyone really know if they were serious.

The idea is that you are not allowed to make "calls for violence" or even refer to the possibility of an second civil war pretty much anywhere on the internet. So, partly in the interest of plausible deniability, but also for humor's sake, people have started to conspicuously disguise their words by concluding their speculations with "in Minecraft" to make it seem like they are planning to do something violent in a roleplay game instead of reality.

Off course he asks for no violence, property damages, etc. We aren't the left/Democrats. We also self-police here and report any and all trolls, plants, and people like you who post that crap, while trying to pin it on us.

Can't let the truth leak out or the Normies might wake up. That and when we cheared the publicity they realized their mistake.

I feel like we need a sticky for a day telling people to stop using streamable. They have been removing videos since at the least the start of the riots.

KEK. The top stickie for the 3rd day is about how those protests are bunk & discouraging anyone from going. Good job CBS "news". If anyone sees that hit piece & comes to the site, the first thing they'll probably click is that sticky, ya dummies.

You can tell those aren't real comments cause if they spent enough time here digging up dirt they would be here long enough to know how to switch to dark theme

well, CBS is a shitfest and commies, but I don't doubt for a second someone on here said something stupid like that and they browse 24\7 looking for stupid comments made my shills, antifa accounts and more.

Quoting comments on a website is never a journalistic source. The journalist themselves could have made the account.
